
Report on action taken on first meeting of IQAC held on 10/06/2017

The following action has been taken as per the minutes of the meeting:-

- (i) The mission and vision of all the departments have been created and been circulated to the respective departments for implementation.
- (ii) Research & Development Cell has been created with the objective to organize the workshop, conferences, faculty development program and motivate faculty and students for research publications. The head of R&D Cell also informed that IEEE branch of KIT (STB18791) is active and various activities will be planned through this branch.
- (iii) Dean Student Welfare has informed that tree plantation is done in the campus. Blood donation camp is organized with UHM, Kanpur. In this camp more than 50 units of blood was donated. Moreover, other activities like road safety program, literary activities and cultural activities are being continuously organized.
