NOTICE for Grievance Redressal

All the students are hereby informed that the Institute has launched a **Grievance Redressal Portal** and it is active on the college ERP for addressing and effectively resolving the grievance of the students.

The function of this portal is to encourage students to express their grievance/problems freely and frankly without any fear of being victimized.

If you have any complaint/grievance regarding anything related to college then you may submit it over college ERP (erp.kit.ac.in) as and when required.

You will find the option of Grievance submission at the top of Dashboard over ERP.
