E-GOVERNANCE

In the world of automation, our technical institute, KIT has adopted a well equipped service 'ERP' few years ago. It is nothing but an excellent application of cloud which helps to maintain an organization in a specific manner. The basic thoughts of providing this service to the institute are – Intelligent Automation, greater efficiency, and an instant insight across the organization. It is done to achieve the following objectives:-

1. To promote automation among employees and students from the ground level so that a trustworthy environment can be created where everyone can cross verify their respective domains.
2. To establish a work culture with greater efficiency with negligible errors.
3. To get an instant insight across the organization where hierarchy and transparency could be perfectly followed.
4. To promote zero paper policy.

The institute follows the below mentioned online measures for effective E-Governance:-

- Grievance submission and redressal
- Leave management
- Finance & Accounts
- Admission process
- Student registration
- Library process
- Placement process
- Alumni connect
- Examination process
- Hostel management
- Transport management
- Employee attendance
- Academic process
- Feedback management

Grievance Submission over ERP

The students and the employees of the institute can submit their grievance(s) over ERP. The grievance is submitted to the Director of the institute which is then forwarded to the concerned person/authority.

A meeting of Grievance Redressal Committee was held on 16.06.2022 at 2:00 P.M. in Conference Hall. The following members attended the meeting:

1. Dr. Brajesh Varshney, Director
2. Dr. Rakesh Kumar Pandey, Dean Administration
3. Dr. Anshu Srivastava, Dean Students' Welfare
4. Ms. Nidhi G Kapoor, Dean, SDC
5. Mr. Rahul Singh, Asst. Professor
6. Mr. Asheesh Gupta, Asst. Professor
7. Dr. Vikas Kumar Pandey, Associate Professor
8. Mr. Anurag Trivedi, Deputy Registrar.

Suggestions posted by the students from July, 2021 to May, 2022 were discussed in the meeting.

Appreciations:

- The facilities at the college are pristine.
- The usability of the office server is superb.
- The hostel is managed well.

Suggestions/ Requisitions/ Grievances:

- A request to boost Wi-Fi's speed.
- It was suggested that the bank add a second extension counter.
- Charge a little fee for eating in the canteen.
- The hostel is home to mosquitoes.
- Proposed boosting the number of employees working in the canteen.
- The menu at the hostel was changed.

Action taken on suggestions & Grievance redressal:

- Wi-Fi now operates at a faster speed.
- The request for an extension is being thought about.
- When it was made available, there was simply a decrease in student demand. Anyway, there is a brand-new hut canteen on campus.
- The price of food is fair.
- To get rid of the mosquitoes, pesticides were applied.

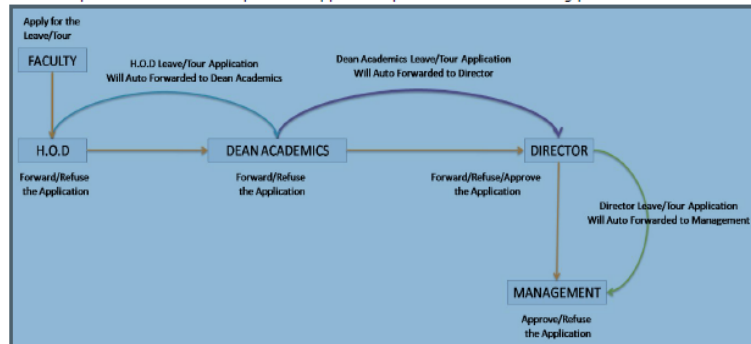

- The canteen's customer service has improved.
- The hostel food is updated each year after taking students feedback into account.

Meeting ended with a cup of tea at 3:30 P.M. with thanks to the chair.

Dr. Brajesh Varshney (Director)
Head, GRC Kanpur Institute of Technology
A-1, UPSIDC Industrial Area, Roosa

Leave Management

The basic process of the leave request and approval is presented in the following picture:

As per the leave process and presented in above picture, it will process in the following way:

1. Faculty Can login to ERP
2. And can use the form "**Leave Tour Application**" under "**Employees**" menu to apply for the leave.
 - Requestor/Faculty/Employee must substitute all his/her lectures for the leave duration before applying for it.
 - As the higher authorities can only approve the leave application, when the requestor has substituted his/her lecture of leave duration otherwise the application could not be processed.
 - Requestor can Edit/Remove the leave application till it is not forwarded to the higher authorities for approval. Once it is forwarded to the second level authorities, requestor will not be able to edit/remove his/her leave/tour application.
3. Once the requestor applied for the leave, his/her application will be available to line H.O.D. i.e. their departmental head.
 - Head of the department, will be responsible to validate the person application and dependencies for the leave duration, and can forward his/her application to the second level authorities for approval.
 - In case head of department doesn't found the leave application relevant by any reason. He/She can refuse the requestor application by mentioning the reason on the application.
4. Once the application is forwarded by the head of the department, it will be available to Dean Academics, who can also either forward the requestor leave application to the higher authority or can refuse the application by mentioning his/her comments.
5. If the application is forwarded by the **Dean Academics**, it will be received to "**Director**" desk and he/she can take further action on the leave application.
 - Director is the first authority, who reserve the right to **APPROVE** the leave application.

LIBRARY SOFTWARE- LSEASE(Libsys)

LSEASE is a group of integrated multi-user library management system. It runs on various platforms such as UNIX, NOVELLAN, WINDOWS NT, etc. It is built around its own bibliographic database following ANSI Z39.2 format and supports variable field lengths for different types of document. Currently used in web-based & JAVA language

Acquisition System deals with ordering of library Materials, monitoring their receipt, invoice processing and accessioning. It also maintains expenditure and budget analyses under a variety of accounts/headings.

Cataloguing System provides online catalogues in the various orders maintained in traditional libraries. Additionally, it makes available instant listings under a variety of searchable fields to suit the requirements of a modern reference centre. Other than data entry facility, the system has the additional facility to accept data in standard machine readable formats such as **CCF (ISO-2709)**, **MARC (ANSI-Z39.x)**, etc. It also facilitates the provision of Current Awareness Service.

Circulation Systems maintains Up to date membership records as well the latest status of the collection meant for circulation. It performs all the functions related to circulation providing suitable checks at every stage. It takes care of infrequent but routine functions such as bindery record management, books on display in the library, latest additions to the library, etc.

Serial System provides control of periodical subscription and subsequent monitoring of the scheduled arrival of individual issues. It maintains records of the budget sanctioned for serials under different categories, amounts encumbered and expended, thus providing complete budgetary control. It also handles serials which are received gratis or in exchange.

OPAC System, as the acronym suggests provides an Online Public Access Catalogue. The bibliographic database can be accessed in a manner never ever possible before with printed indexes. The system includes a word- based search facility using Boolean operators that can narrow down a search to meet very specific needs. Additional features of this system are:

Periodic list of recent additions to the library.

Members can find the materials checked out to them, as well

Reserve materials that are currently in circulation.

Examination Process

The whole examination process of the Institute is also processed through E- Governance.

- The Faculty has to download the Template of the question paper for the given subject and the concerned exam.
- After preparing the question paper for the given subject as per the template it is uploaded by the faculty on erp portal.
- The uploaded questions paper are then verified and approved by the concerned HOD.
- The approved question papers are then downloaded by the COE on the given date of the exam and distributed to the students.
- After the completion of the completion of the exam, the attendance sheets of the concerned class is compiled by the exam cell and sent the concerned faculty.
- Faculties then fill the attendance of the students for the respective exam and then fill the marks after the evaluation of the answer sheets.
- The marks uploaded by the faculty are approved by the concerned HOD.
- Once the marks are approved by the HOD the students are able to check it in their respective portal.

Feedback Management

Feedback management system is one of the modules supported by the Asteroid365 - Institute automation system.

This will allow the institute to conduct the survey/feedback process to get the opinion of students on the different services offered by the institute.

Admin of the ERP or any authorised user of ERP having the permission of “Feedback Management Module” can create any number of feedback forms on different areas like Faculty performance, hostel facility, library facility etc.

Once the feedback forms are created, it will be available on the student’s dashboard, from where they can directly fill their feedback and these results will be submitted to the system where authority can later view the report on these submission.
