

## **Best Practice-1**

### **1.1 Title of the Practice – Health Care Service**

KITP organizes various Health Care services such as Blood donation camps, organ donation campaign, Health camps and Awareness program in the institute and nearby adopted village “Subhauri”

### **1.2 Objectives of the Practice –**

1. To create awareness about the general health for the common people, to provide health care services and to provide the counselling on the basis of healthcare & hygiene.
2. To provide safe and quality blood and their component collected from voluntary donors to the general public.
3. To create the awareness among the people for healthy environment, health of individuals & social thoughts for humanities.
4. To provide basic human things through NukkadNatak etc.

### **1.3 The Context –**

Institute has the tie up with Sneha Pathology\UHM Blood bank for organizing blood donation camps. Faculties, students and staff voluntarily donate blood in these camps. Blood so received are used various needy patients especially Thalassemia sufferers. Moreover, volunteers receive blood donation cards which help them to take blood in future when needed. In addition, health camps help in checking various health parameters like- B.P., Sugar, Eye-checkup, Height and weight measurement, E.C.G. in the health camp doctors prescribe general medicines as per need.

### **1.4 The Practice –**

These health services are organized regularly throughout the year. Institute team organizes the various health programs and blood donation camps, organ donation awareness campaign, etc. in the institute and nearby adopted village Gram-Subhauri, Tehsil-Narwal, Dist.-Kanpur Nagar. The Team performed Blood Group, Anaemia, Diabetes, Body Mass Index, Haemoglobin, Blood Pressure for around community people and students of the institute. Moreover, few TB patients are identified in the adopted village. These patients are regularly being given food items.

### **1.5 EVIDENCE OF SUCCESS –**

Organizing the health camps and blood donation camps is very successful events of the

institute. Various positive feedbacks received from villagers, Gram Pradhan, faculties, students, etc. are the evidence of successful organizing of the events.

### **1.6 Problem Encountered and Resources Required-**

Sometimes it becomes difficult to handle villagers and convincing them for health check-ups. Due to lack of education, there are hesitant of health check-up. More specifically women from rural areas do not speak their problems. Therefore, it becomes difficult to train them on a sensitive topic like women hygiene. Moreover, people from rural background do not inform medical doctors their existing diseases. Hence, it becomes difficult to diagnose and prescribe treatment. Further, due to financial constraints, they do not buy/take medicines.

To overcome these problems, institute is continuously organizing awareness program with the help of students.

## **Best Practice-2**

### **2.1 Title of the Practice – Institutional Scholarship**

Institute is continuously providing opportunities to secure various Government and Non-Government scholarships.

### **2.2 Objectives of the Practice –**

1. It helps to student to access the quality education.
2. Scholarship provides a financial support to students.
3. To support a student's education based on their outstanding academic performance, among other influencing achievements.

### **2.3 The Context –**

KITP understand that education is important for human and society. Because, without proper education and training, the future of the youth and at large the Nation will be in jeopardy. Higher cost of education is main hindrance in getting the proper education and training especially for the students from the economically weaker section. Scholarship committee of the institute is continuously engaged in promoting various government and non-government scholarships to the needy students.

### **2.4 The Practice –**

Scholarships to the meritorious and needy students is a flagship scheme of the institute. The multiple scholarships prevalent in the institute to serve to the financial needs of the students. The details of the amount distributed during sessions 2018-2023 are:

- 1. Kalyan Mala Jain Smarak Pratibha Puraskar- Rs.1,80,000/-**
- 2. Institutional scholarship scheme- Rs.18,65,496/-**
- 3. Cash Prize to AKTU Gold Medalist- Rs.1,00,000/-**
- 4. Cash Prize to University Toppers- Rs.20,000/-**
- 5. Government Scholarship- Rs 3,07,19,559/-**
- 6. Prime Minister Special Scholarship Scheme (PMSSS)- Rs. 14,94,402/-**
- 7. Tuition fees for fee waiver – Rs. 21,70,962/-**

**Amounting to a total disbursement of Rs.3,65,50,419/- for the scholarships in five years.**

## **2.5 Evidence of Success –**

The different types of scholarships are given to the students as per their eligibility. Kalyan Mala Jain Smarak Pratibha Puraskar (Ten thousand rupees) is given every year to the topper of the class. Institutional scholarship (up to ten thousand rupees) is given at the time of admission to the meritorious and poor students. University Merit Holder Scholarship (up to one Lakh) is given at the time of convocation to the pass-out students who secure merit position in University Examination. Government Scholarships include scholarship from UP Government to SC/ST/OBC/GEN/Minority students belonging to the poor families as per the norms of the Government.

Various scholarships as listed are helping the students a lot. Due to this, more and more students are attracting towards the institute for taking admissions. It is evident from the very high enrolment also.

## **2.6 Problem Encountered and Resources Required-**

Institute wishes to give more and more scholarships to the maximum number of students. Arranging the finances and potential NGOs are always a problem in achieving the target. Moreover, the lack of awareness among students regarding the government scholarships. At times, the Government is unable to reach out to the deserving candidates, while in some cases, the students lack sufficient resources to gather awareness about the scholarships. In both the situation, the loss is incurred by the future of the country. The constantly growing competitive culture is a major challenge, while availing scholarships based on competitive examinations. Many students, who are in need of scholarship, get disqualified at the time of examination due to lack of guidance and preparation. This lack of guidance is due to lack of

resources to procure proper and structured mentoring to qualify the competitive examinations.
